Attendance at Governing Body meetings

The Governing Body is responsible for the overall management of the College; Governing Body members are also Trustees of the College as a charity. Governing Body normally meets four times a term, with three 'Ordinary Meetings' at which College matters are discussed, and one 'Stated Meeting' to approve any changes to the College's governance documents, and additions to the Fellowship of the College. Occasionally 'Special Meetings' are called to discuss issues outside of the main schedule of meetings. There are also a number of standing committees, the majority of which meet once a term, apart from the Academic Committee that meets twice a term.

In Michaelmas Term 2025, Governing Body agreed that those on academic leave, or on long-term sick leave, could demit from their role as trustees for the duration of their leave.

In the 2025-26 academic year, the Governing Body of St Hilda's College consisted of between 41 and 42 Fellows (taking into account those who joined during the course of the year).
