

## Attendance at Governing Body meetings

The Governing Body is responsible for the overall management of the College; Governing Body members are also Trustees of the College as a charity. Governing Body normally meets four times a term, with three 'Ordinary Meetings' at which College matters are discussed, and one 'Stated Meeting' to approve any changes to the College's governance documents, and additions to the Fellowship of the College. Occasionally 'Special Meetings' are called to discuss issues outside of the main schedule of meetings. There are also a number of standing committees, the majority of which meet once a term, apart from the General Purposes Committee that meets two or three times a term as needed.

In the 2024-25 academic year, the Governing Body of St Hilda's College consisted of between 40 and 42 Fellows (taking into account those who left during the course of the year).
