Registering with Banbury Road Medical Centre GP Services

Welcome to Oxford!

We look after three of the university's colleges, these being, Lady Margaret Hall, St Hilda's and Wolfson. And your college Doctor's are Dr Tony Maddison, Dr Tom Hutchinson and Dr Cathy Aylward.

We strongly advise you to register with ourselves using the link below and submit before you arrive in Oxford

GP Registration Online (campusdoctor.co.uk)

Appointments can be booked via our patient services team on 01865 515731 and you can be seen at your college during term time, or you will be invited to the surgery outside of term time. Our patient services team may ask you some questions when booking you an appointment, don't worry it's completely confidential, it's so we can make sure you are directed to the correct clinician.

You will need to be registered with your college general practitioner if you require a medical certificate at any time. Please note that these can take up to 5 working days for completion.

Below is some useful information from the university's website

Doctors and nurses | University of Oxford

Health services | University of Oxford

Medical evidence and certificates | Academic Support (ox.ac.uk)

Student support and experience | Academic Support (ox.ac.uk)

Oxford University Students - Banbury Road Medical Centre (banburyroadmc.nhs.uk)

We hope you have an enjoyable time in Oxford!
