St Hilda's College
Report of the Governing Body
Year ended 31 July 2024

The Governing Body presents its Annual Report for the year ended 31 July 2024 under the Charities Act 2011 together with the audited financial statements for the year.

REFERENCE AND ADMINISTRATIVE INFORMATION

St Hilda's College is a chartered charitable body. The College was founded by Dorothea Beale in 1893 as a Hall for Women Students and received its first Royal Charter in 1926, when it was incorporated under the title 'Principal and Council of St Hilda's College, Oxford'. In 1960, it became a College of the University. The College's most recent Supplemental Charter, granted in 2007, changed the name of the College to "St Hilda's College in the University of Oxford" and permitted the admission of male students.

The College is registered with the Charity Commission, with registration number 1137537.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing documents

The College is governed in accordance with its Royal Charter dated 25 July 2007 and its Statutes.

Governing Body

The Governing Body of the College is constituted and regulated in accordance with the College Statutes, the terms of which are enforceable ultimately by the Visitor, Baroness Elizabeth Butler-Sloss. The College Statutes are as made from time to time by order of Her Majesty in Council in accordance with the Royal Charter of 2007, and the Universities of Oxford and Cambridge Act 1923.

The Governing Body determines the on-going strategic direction of the College and regulates its administration and the management of its finances and assets. The Governing Body is chaired by the College's Principal, meets regularly throughout the year, and is advised by a range of sub-committees.

The names of all Members of the Governing Body together with details of the senior staff and advisors of the College are given on pages 13-15.

Recruitment and training of members of the Governing Body

New members of the Governing Body are elected by the Governing Body either on the basis of their knowledge of, and contribution to, education, learning and research within the College and the University of Oxford, or on the basis of their possession of professional and administrative qualifications and skills that enable them to contribute towards the governance of the College. New members of the Governing Body are inducted into the workings of the College and their role as trustees by the Principal, the College Officers, and other Fellows and employees of the College. Further training is arranged as appropriate.

Organisational Management

The Governing Body normally meets at least six times a year. The work of developing policies for the approval of the Governing Body and monitoring the implementation of these is carried out by several Standing Committees being principally:

- The General Purposes Committee, which oversees the implementation of the College's strategic, academic, and financial plans and policies on behalf of the Governing Body and approves deviations from those plans in defined, limited, circumstances under delegated authority.
- The Investment Committee, which monitors the performance of investment managers and holds them to account.
- The Development Advisory Committee, which provides a forum in which representatives of Fellows, Senior and Junior members and alumnae review progress in fund raising and discuss strategy.
- The Tutorial Committee, which deals with educational matters, and matters of tutorial control for undergraduates, and academic advice and progression for graduates.

All of these committees, except the Tutorial Committee, are chaired by the Principal and consist of trustees of the College supplemented, in the case of the Investment Committee, by Ms C Burton, an alumna of the College, and, in the case of the Development Advisory Committee, by Ms J Monaghan and Ms F Woodcock. The Tutorial Committee is chaired by the Senior Tutor.

Subject to the oversight of the Standing Committees, the day-to-day running of the College is entrusted to its principal officers: the Principal, the Bursar, the Senior Tutor, and the Development Director.

The Governing Body is also advised by a Remuneration Committee on the level of remuneration and benefits payable to the Principal and Fellows of the College. The Remuneration Committee comprises four alumnae and two Emeritus, or Supernumerary, Fellows not in receipt of remuneration or benefits from the College. The members are Ms J Almond, Professor Amanda Cooper-Sarkar, Ms J Kelly, and Ms M Croghan.

Group structure and relationships

The College has two wholly-owned, non-charitable, subsidiaries: St Hilda's College Developments Ltd and St Hilda's College (Trading) Ltd. The annual profits of these companies are donated to the College under the Gift Aid Scheme.

The activities of St Hilda's College (Trading) Ltd comprise the letting of College facilities when not in use by the College. The subsidiaries' aims, objectives, and achievements are covered in the relevant sections of this report. St Hilda's College Developments Ltd provides construction services to the College.

The College is part of the collegiate University of Oxford. Material interdependencies between the University and the College arise as a consequence of this relationship. The College also administers many special trusts, as detailed in Note 17 to these financial statements.

OBJECTIVES AND ACTIVITIES

Charitable Objects and Aims

The College's charitable objectives as stated in its Royal Charter are:

- To provide education and residential accommodation for women and men who are members of the College and the University of Oxford.
- To maintain, continue and develop the College ethos and tradition of providing encouragement and support in academic research and education undertaken by women and men.
- To do all other such things as are incidental or conducive to these objects.

The Governing Body has considered the Charity Commission's guidance on public benefit and, in keeping with its objectives, the College's aims for the public benefit are:

- To provide education, in conjunction with the University of Oxford, to around 700 undergraduates and graduates. This develops the students academically and prepares them to play a full and effective role in society;
- To encourage applications from excellent students who might benefit from an Oxford education but who might not otherwise consider applying to the College;
- To participate with the University of Oxford and others in a bursary scheme to provide financial assistance to eligible undergraduate students of modest means. The College also provides scholarships to graduates and financial support available to all students for books, travel grants, and in cases of unexpected financial hardship;
- To advance research through the support given to College fellows by means of sabbatical and research leave and by appointing research fellows; and
- To support a community programme of educational concerts.

ACHIEVEMENTS AND PERFORMANCE

SENIOR TUTOR'S REPORT

The Student Body

In October 2023 the number of enrolled students was 686 across the full range of disciplines, of which 403 were following 3- or 4-year undergraduate degree courses at the University of Oxford, 283 were carrying out research for Doctorates, studying Clinical Medicine, or following one- or two-year graduate courses, including part-time MSt and DPhil programmes.

A new initiative in 2023/24 was the launch of a Visiting Student Programme. In its initial year, four international students studied courses at the undergraduate level for the full academic year.

The geographical origin of our current students differed to recent years, with more UK and overseas students and slightly fewer EU students, at both the undergraduate and graduate level. The College's student composition is shown in the table below.

Geographic origin	Undergraduates	Postgraduates
UK	323	99
Other EU/EEA	9	11
Overseas	71	173
Total	403	283

The composition of the undergraduate student body was identical to last year in terms of their school origin and gender. Of the College's undergraduates, 51% applied from UK maintained schools (up from 44% in 2020/21), 30% from UK independent schools, and 19% from non-UK schools. In terms of UK undergraduates 64% were from the state sector, and of the total student body approximately 52% were female and 48% were male.

Academic Staff

In July 2023, the achievements of Professor Katherine Clarke and Professor Daniel Wakelin were recognised through their election as Fellows of the British Academy.

In summer 2024, the University conferred on Professor Catherine Swales the title of Professor of Medical Education, and on Professor Maya Tudor the title of Professor of Politics and Public Policy.

St Hilda's College
Report of the Governing Body
Year ended 31 July 2024

During 2023/24, the College started to admit undergraduate students for Computer Science and its joint schools, which brought together the new Tutorial Fellow in Computer Science, Dr Matthew Hoban, with our new and existing Fellows in Mathematics, Dr Robin Thompson and Professor Andrea Mondino. Dr Thompson joined us from Warwick University, and he has taken on the Applied Mathematics teaching from Dr Irene Moroz who was elected to a Senior Research Fellowship at the College. Professor Charlotte Stagg was elected to a Tutorial Fellowship post later in the year; the inaugural Lee Hysan-Beale Fellowship in Preclinical Medicine. Professor Stagg had previously been the Director of Studies for Preclinical Medicine, supporting our many preclinical medical students since 2021, when Dr Maike Glitsch sadly left the college for a new position in Hamburg.

At the early career level, the College welcomed Dr Ceri Fowler to a Career Development Fellowship in Comparative Politics and Dr Samuel Ritholtz to a Departmental Lectureship in International Relations. Alongside Dr Fowler, Dr Ritholtz provided teaching to our politics undergraduates in PPE and History & Politics whilst Professor Petra Schleiter co-led the Department of Politics & International Relations.

Dr Lyndsey Jenkins joined the St Hilda's History School for the academic year as a Departmental Lecturer to cover Professor Selina Todd's research leave. Dr Jenkins' year ended with a permanent appointment to a Tutorial Fellowship at Mansfield College.

After eight years as the College's Career Development Fellow in English, Dr Gareth Evans left the college to take up a permanent Tutorial Fellowship at St John's College.

At the mid-career level, following a Career Development Fellowship, Dr Luke O'Sullivan was appointed to the newly created Gerard Davis Fellow in Early Modern French. The College also elected to Junior Research Fellowships Dr Jasmine Brewer while she holds a Leverhulme-Peierls Fellows in the Physics Department, and Dr Arman Nejad while he holds a Walter Benjamin Fellowship in the Chemistry Department.

Access and Outreach

The College's outreach provision continued to target schools and colleges primarily in its link regions, currently Surrey and Hampshire, in line with Oxford University's Regional Outreach structure. The College increased its work with a broader geographical remit of schools through the Oxford for South East consortium collaboration, covering Key Stage 3 (Years 7, 8 and 9), Key Stage 4 (Years 10 and 11) and Key Stage 5 (Years 12 and 13). These activities were supported by thirty-one trained undergraduate student Ambassadors with both outward and inbound visits, and a structured programme of workshops, roadshows and subject specific events. The College's collaborative Access work partnered with IntoUniversity, Target Oxbridge, and UNIQ.

St Hilda's College

Year ended 31 July 2024

Undergraduate Degree Achievements

At the start of the year the College recognised academic achievement by awarding scholarships and exhibitions to students that had achieved excellent grades in their examinations the previous summer or had shown remarkable progress in their study. In 2023/24, the College awarded thirty-six scholarships, eleven exhibitions and seven Prizes.

At the end of the year, the University recognised our students by the award of Gibbs and other prizes: fourteen undergraduates were awarded University prizes for their performance in prelim, end-of-year, and finals papers.

In terms of end of year results, 25% of students gained firsts or distinctions in their prelims or mods. For those students who took second or third year FHS examinations (e.g. Mathematics, Engineering and Physics) an additional twenty students gained either firsts or distinctions. Of the College's finalists, thirty students gained first class degrees, and sixty-two gained an upper second-class degree.

Student financial support

During the year, the College provided £271,615 in financial support to both undergraduate and postgraduate students as shown in the table below.

	2024	2023
Oxford Opportunity Bursaries (undergraduates)	71,045	85,530
Book grants	1,292	1,768
Sports & extra-curricular grants	4,915	3,216
Research & travel grants	62,050	61,398
Scholarships & prizes	112,123	131,898
Bursaries & hardship funds	20,196	97,778
Total	271,615	381,588

Community music events

The College's Jacqueline du Pré Music Building ('JdP') is a prestigious and popular venue for the performing arts, for College social and domestic events, and for conferences. The JdP also hosts events of an educational nature aimed at children and their families, and other events for the general public.

During term time, the JdP holds regular Cushion Concerts on Sundays for young children aged under 5 and their families. The Cushion Concerts introduce children and their families to a wide variety of different instruments, demonstrating how they work and what kind of music they play. Becca Marriott (a renowned

St Hilda's College
Report of the Governing Body
Year ended 31 July 2024

opera singer) took on the role of Cushion Concert Presenter for the 2022-23 season which proved to be highly successful. The College is delighted that Ms Marriott will return to lead the 2024-25 season, which will start in October 2024. This year's events will include a collaboration with the Oxford International Song Festival for the second year running.

The JdP was also fortunate to welcome back Turtle Key Arts during the year and was once again host to 'Turtle Song' in Hilary Term 2024. Turtle Song brings music, song, writing, movement and singing to people living with dementia and their companions and carers. For nine weeks, participants rehearsed at St Hilda's before giving a public performance on 15th March 2024. Turtle Key Arts is due to return to the JdP in Hilary Term 2025.

The JdP also hosted a Christmas Family Show in 2023. Wild Boor Ideas returned to present 'Winnie & Wilbur: A Christmas Adventure' to great acclaim. In the coming year, the College will be hosting two events that will form part of the 'Tiny Ideas Festival'. Tiny Ideas was founded by Ceri Ashcroft and Emma Boor in 2022. The festival celebrates young children and the creativity they bring to the world through theatre shows, creative activity sessions, and author talks across Oxford City.

All these shows, and a number of children's concerts which form part of the Cushion Concert series, are facilitated by the kind financial support of Louisa Service and in memory of Sir Robert Mayer.

FINANCIAL REVIEW

Income and expenditure for the year

The financial statements present the accounts of College and its subsidiaries including all operating income and expenditure, donations and investment income, assets and liabilities.

The major sources of recurring income for the College are tuition fees, accommodation and catering charges, investment income, conferences, and donations, together with income from miscellaneous sources.

Income for the year from all sources totalled £12,544k, an increase of 3.5% from 2022/23. This increase in income was the result of recent property acquisitions leading to higher accommodation and catering revenue. The College's receipts from donations and legacies were £1,093k (£2,321k in 2022/23).

The major items of expenditure for the College are staff costs, particularly for academic teaching and for staff providing residential and support services. The College's total costs increased, in aggregate, by 4.4% from the previous year to £12,893k. Of this, £2,148k related to a decrease in the pension provision. The other costs

St Hilda's College
Report of the Governing Body
Year ended 31 July 2024

increased by 12.2%. This increase was a direct consequence of increased spend on buildings maintenance, energy costs and general levels of inflation.

As a result of these changes, the College recorded a deficit before gains on investments from its combined operations, and its subsidiaries, for the year of £349k (2022/23: a deficit of £230k).

Net gains for the year on the College's investments totalled £4.3 million and, in aggregate, the net assets of the College increased by £4 million to £126.7 million, of which £67.5 million is held in investments.

During the year, the College completed the purchase of a freehold property (located at 14-16 Norham Gardens, Oxford and known as The Cherwell Centre) for consideration of £12 million. Subsequently, this property was redeveloped and now provides accommodation for up to 45 students.

The College has continued to renovate the fabric of its estate, including the installation of improved heat management systems, and has established a 10-year management plan for Radley Large Wood in conjunction with the Forestry Commission. In the coming year, the College intends to establish a sustainability strategy and to continue to mitigate its environmental impact in line with available funding.

The Governing Body continues to exercise firm control over costs and to seek additional income via existing and new income generating activities, ranging from conferences and events to alumni giving. It is evident that the College is highly dependent upon these supplementary income streams as well as the income from the invested endowment.

Reserves

The College's reserves policy is to maintain sufficient free reserves to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall, to allow the College to be managed efficiently, and provide a buffer that would ensure uninterrupted services.

The College's free reserves at the year-end amounted to £391k (2023: £2,456k). Restricted reserves at the year-end were £2,872k (2023: £3,312k). These comprise of funds for scholarships, bursaries, and teaching support.

Post Balance Sheet Events

On 19 September 2024, the College completed the purchase of a freehold property (located at 39 St Margaret's Road, Oxford) for consideration of £3.5 million. The property will provide additional accommodation for 12 students from the 2024/25 academic year. The College funded the purchase of this property, which will be treated as an investment asset, through the liquidation of part of its invested endowment portfolio.

Investment policy, objectives and performance

The College Statutes allow the College to invest permanent endowment funds to maximise the related total return, and to make available for expenditure each year an appropriate proportion of the unapplied total return. The College's investment objectives are to balance current and future beneficiary needs by:

- Maintaining (at least) the value of the investments in real terms;
- Producing a consistent and sustainable amount to support expenditure; and
- Delivering these objectives within acceptable levels of risk.

The College's long-term financial investments are managed by Sarasin & Partners on a total return basis, maintaining diversification across a wide range of asset classes in order to produce an appropriate balance between risk and return. The investments are held in the Climate Active Endowment fund. The College's investment strategy, policy and performance is monitored by its Investment Committee.

At the 31 July 2024, the College's total investments were valued at £67.5 million (2023: £63.3 million) of which £32.1 million (2023: £40.3 million) related to financial investments. During the year, £12 million of the College's financial investments were used to purchase investment properties. A market valuation of those investment properties was undertaken during the year, which led to an uplift in value of £1.6 million. The total return for the year of all the College's investments, net of costs, was 6.5%.

Risk management

The College followed various processes and procedures throughout the financial year, which allowed it to identify, evaluate, and manage, the principal risks and uncertainties faced by the College, and its subsidiaries. When it is not able to address risks using internal resources, the College takes advice from experts external to the College with specialist knowledge. Policies and procedures within the College are reviewed by the relevant College Committee, chaired by the Principal or Bursar. Financial risks are assessed by the General Purposes Committee and investment risks are monitored by the Investment Committee. In addition, the Bursar and heads of department meet regularly to review health and safety issues. Training courses are made available to members of staff to enhance their skills in risk-related areas.

The principal risks faced by the College are largely financial in nature and relate to its ability to fund increasing levels of operating expenditure and maintain its estate. The proportion of College assets invested in financial markets, which has reduced substantially over the previous two years as funds have been diverted into investment properties, remains a principal risk to income generation.

St Hilda's College
Report of the Governing Body
Year ended 31 July 2024

The Governing Body, which has ultimate responsibility for managing the risks faced by the College, has given consideration to the major risks to which the College and its subsidiaries are exposed and has concluded that adequate systems are in place to manage these risks. It is recognised that systems can provide only reasonable but not absolute assurance that major risks have been managed.

STATEMENT OF ACCOUNTING AND REPORTING RESPONSIBILITIES

The Governing Body is responsible for preparing the Report of the Governing Body and the financial statements in accordance with applicable law and regulations.

Charity law requires the Governing Body to prepare financial statements for each financial year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards) and applicable law.

Under charity law, the Governing Body must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the College and of its net incoming or outgoing resources for that period. In preparing these financial statements, the Governing Body is required to:

- Select the most suitable accounting policies and then apply them consistently;
- Make judgments and accounting estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- State whether a Statement of Recommended Practice (SORP) applies and has been followed, subject to any material departures that are explained in the accounts; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the College will continue to operate.

The Governing Body is responsible for keeping proper accounting records that are sufficient to show and explain the College's transactions and disclose with reasonable accuracy at any time the financial position of the College and enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the College and ensuring their proper application under charity law and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

St Hilda's College

Independent auditor's report to the Members of the Governing Body

Year ended 31 July 2024

Opinion

We have audited the financial statements of St Hilda's College ("the Charity") for the year ended 31 July 2024 which comprise the Statement of Accounting Policies, the Consolidated Statement of Financial Activities, the Consolidated and College Balance Sheets, the Consolidated Cash Flow Statement and notes to the financial statements. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the College's Governing Body, as a body, in accordance with sections 144 of the Charities Act 2011 and the regulation made under section 154 of that Act. Our audit work has been undertaken so that we might state to the Members of the Governing Body those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the College's Governing Body as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the group and the charity's affairs as at 31 July 2024 and of the group's incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Members of the Governing Body's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or

St Hilda's College

Independent auditor's report to the Members of the Governing Body

Year ended 31 July 2024

- the Members of the Governing Body have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Members of the Governing Body are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities Act 2011 requires us to report to you if, in our opinion:

- sufficient accounting records have not been kept;
- the financial statements are not in agreement with the accounting records and returns; or
- we have not obtained all the information and explanations necessary for the purposes of our audit.

Responsibilities of the Members of the Governing Body

As explained more fully in the Statement of Accounting and Reporting Responsibilities (set out on page 11), the Members of the Governing Body are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

St Hilda's College

Independent auditor's report to the Members of the Governing Body

Year ended 31 July 2024

In preparing the financial statements, the Members of the Governing Body are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Members of the Governing Body either intend to liquidate the Charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually, or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/apb/scope/private.cfm. This description forms part of our auditor's report.

Crowe UK LLP

Statutory Auditor

Date:

Crowe UK LLP is eligible to act as an auditor in terms of sections 1212 of the Companies Act 2006.

1. Scope of the financial statements

The financial statements present the Consolidated Statement of Financial Activities (SOFA), the Consolidated and College Balance Sheets and the Consolidated Statement of Cash Flows for the College and its wholly owned subsidiaries. The subsidiaries have been consolidated from the date of formation being the date from which the College has exercised control through voting rights in the subsidiaries. No separate SOFA has been presented for the College alone as currently permitted by the Charity Commission on a concessionary basis for the filing of consolidated financial statements. A summary of the results and financial position of the charity and each of its material subsidiaries for the reporting year are in note 12.

2. Basis of accounting

The College's individual and consolidated financial statements have been prepared in accordance with United Kingdom Accounting Standards, in particular FRS 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland' (FRS 102).

The College is a public benefit entity for the purposes of FRS 102 and a registered charity. The College has therefore also prepared its individual and consolidated financial statements in accordance with 'The Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with FRS 102' (The Charities SORP (FRS 102)).

The financial statements have been prepared on a going concern basis and on the historical cost basis, except for the measurement of investments and certain financial assets and liabilities at fair value with movements in value reported within the Statement of Financial Activities (SOFA). The principal accounting policies adopted are set out below and have been applied consistently throughout the year.

3. Accounting judgements and estimation uncertainty

In preparing financial statements it is necessary to make certain judgements, estimates and assumptions that affect the amounts recognised in the financial statements. The following judgements and estimates are considered by the Governing Body to have most significant effect on amounts recognised in the financial statements.

The College carries investment property at fair value in the balance sheet, with changes in fair value being recognised in the income and expenditure section of the SOFA. Before legacies are recognised in the financial statements, the Governing Body has to exercise judgement as to what constitutes sufficient evidence of entitlement to the bequest. Sufficient entitlement exists once notification of payment has been received from the executor(s) of the estate or estate accounts are available which indicate there are sufficient funds in the estate after meeting liabilities for the bequest to be paid.

St Hilda's College
Statement of Accounting Policies
Year ended 31 July 2024

In the view of the Governing Body, no assumptions concerning the future or estimation uncertainty affecting assets and liabilities at the balance sheet date are likely to result in a material adjustment to their carrying amounts in the next financial year.

4. Income recognition

All income is recognised once the College has entitlement to the income, the economic benefit is probable and the amount can be reliably measured.

a. Income from fees, HEFCE support and other charges for services

Fees receivable, less any scholarships, bursaries or other allowances granted from the College unrestricted funds; HEFCE support and charges for services and use of the premises are recognised in the period in which the related service is provided.

b. Income from donations, grants and legacies

Donations and grants that do not impose specific future performance-related or other specific conditions are recognised on the date on which the charity has entitlement to the resource, the amount can be reliably measured and the economic benefit to the College of the donation or grant is probable. Donations and grants subject to performance-related conditions are recognised as and when those conditions are met. Donations and grants subject to other specific conditions are recognised as those conditions are met or their fulfilment is wholly within the control of the College and it is probable that the specified conditions will be met.

Legacies are recognised following grant of probate and once the College has received sufficient information from the executor(s) of the deceased's estate to be satisfied that the gift can be reliably measured and that the economic benefit to the College is probable.

Donations, grants and legacies accruing for the general purposes of the College are credited to unrestricted funds.

Donations, grants and legacies which are subject to conditions as to their use imposed by the donor or set by the terms of an appeal are credited to the relevant restricted fund or, where the donation, grant or legacy is required to be held as capital, to the endowment funds. Where donations are received in kind (as distinct from cash or other monetary assets), they are measured at the fair value of those assets at the date of the gift.

c. Investment income

Interest on bank balances is accounted for on an accrual basis with interest recognised in the period to which the interest relates.

Income from fixed interest debt securities is recognised using the effective interest rate method.

St Hilda's College
Statement of Accounting Policies
Year ended 31 July 2024

Dividend income and similar distributions are recognised on the date the share interest becomes ex-dividend or when the right to the dividend can be established. Income from investment properties is recognised in the period to which the rental income relates.

5. Expenditure

Expenditure is accounted for on an accruals basis. A liability and related expenditure is recognised when a legal or constructive obligation commits the College to expenditure that will probably require settlement, the amount of which can be reliably measured or estimated.

Grants awarded that are not performance-related are charged as an expense as soon as a legal or constructive obligation for their payment arises. Grants subject to performance-related conditions are expensed as the specified conditions of the grant are met.

All expenditure including support costs and governance costs are allocated or apportioned to the applicable expenditure categories in the Statement of Financial Activities (the SOFA). Support costs which includes governance costs (costs of complying with constitutional and statutory requirements) and other indirect costs are apportioned to expenditure categories in the SOFA based on the estimated amount attributable to that activity in the year, either by reference to staff time or the use made.

6. Tangible fixed assets

Land is stated at cost. Buildings and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Under FRS 102, the College elected to use the fair value of certain freehold and leasehold properties as a 'deemed cost'; an appropriate valuation was undertaken by Carter Jonas as at 1 August 2014. The buildings will be subject to annual depreciation and no further revaluations will be necessary.

Expenditure on the acquisition or enhancement of land and on the acquisition, construction and enhancement of buildings, which is directly attributable to bringing the asset to its working condition for its intended use and amounting to more than £10,000 together with expenditure on equipment costing more than £5,000 is capitalised.

Where a part of a building or equipment is replaced and the costs capitalised, the carrying value of those parts replaced is adjusted and expensed in the SOFA.

Other expenditure on equipment incurred in the normal day-to-day running of the College and its subsidiaries is charged to the SOFA as incurred.

St Hilda's College
Statement of Accounting Policies
Year ended 31 July 2024

7. Depreciation

Depreciation is provided to write off the cost of all relevant tangible fixed assets, less their estimated residual value, in equal annual instalments over their expected useful economic lives as follows:

Freehold properties, including major extensions	50 years
Equipment	3 - 10 years

Freehold land is not depreciated. The cost of maintenance is charged in the SOFA in the period in which it is incurred.

At the end of each reporting period, the residual values and useful lives of assets are reviewed and adjusted if necessary. In addition, if events or changes in circumstances indicate that the carrying value may not be recoverable then the carrying values of tangible fixed assets are reviewed for impairment.

8. Investments

Investment properties are initially recognised at their cost and subsequently measured at their market value at each reporting date. Purchases and sales of investment properties are recognised on exchange of contracts.

Listed investments are initially measured at their cost and subsequently measured at their fair value at each reporting date. Fair value is based on their quoted price at the balance sheet date without deduction of the estimated future selling costs.

Investments, such as hedge funds and private equity funds, which have no readily identifiable market value are initially measured at their costs and subsequently measured at their fair value at each reporting date without deduction of the estimated future selling costs. Fair value is based on the most recent valuations available from their respective fund managers.

Changes in fair value and gains and losses arising on the disposal of investments are credited or charged to the income or expenditure section of the SOFA as 'gains or losses on investments' and are allocated to the fund holding or disposing of the relevant investment.

9. Stocks

Stocks are valued at the lower of cost and net realisable value, cost being the purchase price on a first in, first out basis.

10. Foreign currencies

The functional and presentation currency of the College and its subsidiaries is the pound sterling.

Transactions denominated in foreign currencies during the year are translated into pounds sterling using the spot exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into pounds sterling at the rates applying at the reporting date.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the exchange rates at the reporting date are recognised in the income and expenditure section of the SOFA.

11. Total Return investment accounting

The College statutes authorise the College to adopt a 'total return' basis for the investment of its permanent endowment. The College can invest its permanent endowments without regard to the capital/income distinctions of standard trust law and with discretion to apply any part of the accumulated total return on the investment as income for spending each year. Until this power is exercised, the total return is accumulated as a component of the endowment known as the unapplied total return that can be either retained for investment or released to income at the discretion of the Governing Body.

Fund accounting

The total funds of the College and its subsidiaries are allocated to unrestricted, restricted or endowment funds based on the terms set by the donors or set by the terms of an appeal. Endowment funds are further sub-divided into permanent and expendable.

Unrestricted funds can be used in furtherance of the objects of the College at the discretion of the Governing Body. The Governing Body may decide that part of the unrestricted funds shall be used in future for a specific purpose and this will be accounted for by transfers to appropriate designated funds.

Restricted funds comprise gifts, legacies and grants where the donors have specified that the funds are to be used for particular purposes of the College. They consist of either gifts where the donor has specified that both the capital and any income arising must be used for the purposes given or the income on gifts where the donor has required or permitted the capital to be maintained and with the intention that the income will be used for specific purposes within the College's objects.

Permanent endowment funds arise where donors specify that the funds are to be retained as capital for the permanent benefit of the College. Any part of the total return arising from the capital that is allocated to income will be accounted for as unrestricted funds unless the donor has placed restrictions—on the use of that income, in which case it will be accounted for as a restricted fund.

Expendable endowment funds are similar to permanent endowment in that they have been given, or the College has determined based on the circumstances that they have been given, for the long-term benefit of the College. However, the Governing Body may, determine, by discretion, to spend all or part of the capital.

12. Pensions

The College participates in the Universities Superannuation Scheme and the University of Oxford Staff Pension Scheme. These schemes are hybrid pension schemes, providing defined benefits (for members), as well as defined contribution benefits. The assets of the schemes are each held in a separate trustee-administered fund. Because of the mutual nature of the schemes, the assets are not attributed to individual Colleges and scheme-wide contribution rates are set. The College is therefore exposed to actuarial risks associated with other Universities and Colleges employees and is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. As required by Section 28 of FRS 102 "Employee benefits", the College therefore accounts for the schemes as if they were wholly defined contribution schemes. As a result, the amount charged to the profit and loss account represents the contributions payable to each scheme. Since the College has entered into agreements (the Recovery Plans) that determine how each employer within the schemes will fund the overall deficit, the college recognises a liability for the contributions payable that arise from the agreements (to the extent that they relate to the deficit) and therefore an expense is recognised.

FRS 102 makes the distinction between a group plan and a multi-employer scheme. A group plan consists of a collection of entities under common control typically with a sponsoring employer. A multi-employer scheme is a scheme for entities not under common control and represents an industry-wide scheme such as the Universities Superannuation Scheme or one for employers in the same locality such as the University of Oxford Staff Pension Scheme. The accounting for a multi-employer scheme, where the employer has entered into an agreement with the scheme that determines how the employer will fund a deficit, results in the recognition of a liability for the contributions payable that arise from the agreement (to the extent that they relate to the deficit) and the resulting expense in profit or loss in accordance with section 28 of FRS 102. The trustees are satisfied that the Universities Superannuation Scheme and the University of Oxford Staff Pension Scheme both meet the definition of a multi-employer scheme and has therefore recognised the discounted fair value of the contractual contributions under the recovery plans in existence at the date of approving the financial statements.

5 ANALYSIS OF EXPENDITURE

	2024 £'000	2023 £'000
Charitable expenditure		
Direct staff costs allocated to:		
Teaching, research and residential	5,770	5,441
Other direct costs allocated to:		
Teaching, research and residential	5,096	3,870
Support and governance costs allocated to:		
Teaching, research and residential	910	1,929
Total charitable expenditure	11,776	11,240
 Expenditure on raising funds		
Direct staff costs allocated to:		
Fundraising	411	334
Trading expenditure	152	162
Other direct costs allocated to:		
Fundraising	81	102
Trading expenditure	224	209
Investment management costs	146	181
Support and governance costs allocated to:		
Fundraising	70	75
Trading expenditure	33	46
Total expenditure on raising funds	1,117	1,109
Total expenditure	12,893	12,349

The 2023 resources expended of £12,349k represented £9,952k from unrestricted funds, £2,218k from restricted funds and £179k from endowed funds.

The College is liable to be assessed for Contribution under the provisions of a new replacement for Statute XV of the University of Oxford. The scheme has been approved by the Council of the University, Congregation and His Majesty in Council. The papers agreed by Council clearly set out that the charge due for a year is payable in that year so therefore no liability in respect of 2023-24 exists. No provision has been made in these accounts. The Contribution Fund is used to make grants and loans to colleges on the basis of need.

St Hilda's College
 Notes to the financial statements
 For the year ended 31 July 2024

6 ANALYSIS OF SUPPORT AND GOVERNANCE COSTS

	Generating Funds £'000	Teaching and Research £'000	2024 Total £'000
Financial administration	96	553	649
Domestic administration	-	-	-
Human resources	-	50	50
IT	7	247	254
Depreciation	-	1,514	1,514
Loss/(profit) on fixed assets	-	-	-
Interest payable	-	659	659
Other finance charges	-	(2,146)	(2,146)
Governance costs	-	29	29
Investment management charges	146	-	146
	249	906	1,155

	Generating Funds £'000	Teaching and Research £'000	2023 Total £'000
Financial administration	114	499	613
Domestic administration	-	-	-
Human resources	-	51	51
IT	7	246	253
Depreciation	-	1,499	1,499
Loss/(profit) on fixed assets	-	-	-
Interest payable	-	659	659
Other finance charges	-	(1,055)	(1,055)
Governance costs	-	26	26
Investment management charges	181	-	181
	302	1,925	2,227

Financial, domestic administration, IT and human resources costs are attributed according to the estimated staff time spent on each activity.

Depreciation costs and profit or loss on disposal of fixed assets are attributed according to the use made of the underlying assets.

Interest and other finance charges are attributed according to the purpose of the related financing.

	2024 £'000	2023 £'000
Governance costs comprise:		
Auditor's remuneration - audit services	29	26
	29	26
No amount has been included in governance costs for the direct employment costs or reimbursed expenses of the College Fellows on the basis that these payments relate to the Fellows involvement in the College's charitable activities. Details of the remuneration of the Fellows and their reimbursed expenses are included as a separate note within these financial statements.		
7 GRANTS AND AWARDS	2024 £'000	2023 £'000
During the year the College funded research awards and bursaries to students from its restricted and unrestricted fund as follows:		
Unrestricted funds		
Grants to individuals:		
Scholarships, prizes and grants	41	32
Bursaries and hardship awards	85	162
Total unrestricted	126	194
Restricted funds		
Grants to individuals:		
Scholarships, prizes and grants	140	166
Bursaries and hardship awards	6	22
Total restricted	146	188
Total grants and awards	272	382

The figures shown above include the cost to the College of the Oxford Bursary scheme. Students of this college received £271k (2023: £236k).

St Hilda's College
Notes to the financial statements
For the year ended 31 July 2024

8 STAFF COSTS

The aggregate staff costs for the year were as follows.

	2024 £'000	2023 £'000
Salaries and wages	5,729	5,164
Social security costs	433	393
Pension costs:		
Defined benefit schemes	779	888
Defined contribution schemes	-	1
Pension liability	(2,148)	(1,055)
	<u>4,793</u>	<u>5,391</u>

Redundancy and termination payments are accounted for in the period in which the payments were made. During the current financial year, redundancy and termination payments amounted to £22k (2023: £52k). These costs were charged to the unrestricted fund.

The average number of employees of the College, excluding Trustees, on a full time equivalent basis was as follows.

	2024	2023
Tuition and research	18	20
College residential	69	66
Fundraising	5	5
Support	22	20
Total	<u>114</u>	<u>111</u>

The average number of employed College Trustees during the year was as follows.

University Lecturers	17	14
CUF Lecturers	11	12
Other teaching and research	3	3
Other	4	4
Total	<u>35</u>	<u>33</u>

The following information relates to the employees of the College excluding the College Trustees. Details of the remuneration and reimbursed expenses of the College Trustees is included as a separate note in these financial statements.

The number of employees (excluding the College Trustees) during the year whose gross pay and benefits (excluding employer NI and pension contributions) fell within the following bands was:

£60,000-£70,000	4	4
£70,001-£80,000	1	1
	<u>—</u>	<u>—</u>

The number of the above employees with retirement benefits accruing was as follows:

In defined benefits schemes	5	5
	<u>—</u>	<u>—</u>

12 PARENT AND SUBSIDIARY UNDERTAKINGS

The College holds 100% of the issued share capital in St Hilda's College (Trading) Ltd, a company providing conference and other event services on College premises and 100% of the issued share capital in St Hilda's College Developments Ltd.

The results and their assets and liabilities of the parent and subsidiaries at the year end were as follows.

	Parent College £'000	St Hilda's College (Trading) Ltd £'000	St Hilda's College Developments Ltd £'000
Income	12,544	756	-
Expenditure	(12,893)	(409)	-
Result for the year	(349)	347	-
Total assets	151,122	1,423	23
Total liabilities	(24,461)	(27)	(22)
Net funds at the end of year	126,661	1,396	1

Details of prior year are shown in note 29b

13 STATEMENT OF INVESTMENT TOTAL RETURN

The Trustees have adopted a duly authorised policy of total return accounting for the College investment returns with effect from August 2000. The investment return to be applied as income is calculated as 3.5% (2015: 3.5%) of the average of the year-end values of the relevant investments in each of the last 5 years. The preserved (frozen) value of the invested endowment capital represents its open market value in August 2009 together with all subsequent endowments valued at date of gift.

	Trust for Investment £'000	Permanent Endowment Unapplied Total Return £'000	Total £'000	Expendable Endowment £'000	Total Endowments £'000

18 FUNDS OF THE COLLEGE DETAILS

The following is a summary of the origins and purposes of each of the Funds

Endowment Funds - Permanent:

* A consolidation of gifts and donations where income, but not capital, can be used for the general purposes of the charity

Endowment Funds - Expendable:

* A consolidation of gifts and donations where either income, or income and capital, can be used for the general purposes of the charity

Restricted Funds:

* A consolidation of gifts and donations where both income and capital can be used for restricted purpose

Designated Funds

Fixed asset designated

* Unrestricted Funds which are represented by the fixed assets of the College, less external borrowing to fund their acquisition and therefore not available for expenditure on the College's general purposes

125 Fund

*This is a fund used for projects relating to the 125th anniversary of the College

The General Unrestricted Funds represent accumulated income from the College's activities and other sources that are available for the general purposes of the College

20 TRUSTEES' REMUNERATION

The Fellows who are the Trustees of the College for the purposes of charity law receive no remuneration for acting as charity trustees but are paid by either or both the University and the College for the academic services they provide to the College.

No trustee receives any remuneration for acting as a trustee. However, those trustees who are also employees of the college receive salaries for their work as employees. These salaries are paid on external academic and academic-related scales and often are joint arrangements with the University of Oxford.

Where Tutorial Fellows are eligible for a Housing Allowance, these are disclosed within the salary figures below.

The College has a Remuneration Committee which makes recommendations to Governing Body on pay and benefits which are outside of external scales. The composition of the Remuneration Committee is set out on p.3 of the Report of the Governing Body.

Remuneration paid to trustees

Range	Number of Trustees/Fellows	Gross remuneration, taxable benefits and pension contributions	2024		2023

Total	37	1,563,269	36	1,523,233		

6 trustees are not employees of the college and do not receive remuneration.

All trustees may eat at common table, as can all other employees who are entitled to meals while working.

Other transactions with trustees

No trustee claimed expenses for any work performed in discharge of duties as a trustee.

See also note 27 Related Party Transactions

Key management remuneration

The total remuneration paid to key management was £429k (2023: £447k).

Key management are listed on p. 13 of the report of the Governing Body

21 Pension Schemes

The College participates in two principal pension schemes for its staff - the Universities Superannuation Scheme (USS) and the University of Oxford Staff Pension Scheme (OSPS). The assets of the schemes are each held in separate trustee-administered funds. USS and OSPS schemes are contributory mixed benefit schemes (i.e. they provide benefits on a defined basis - based on length of service and pensionable salary and on a defined contribution basis - based on contributions into the scheme.) Both are multi-employer schemes and the College is unable to identify its share of the underlying assets and liabilities relating to defined benefits of each scheme on a consistent and reasonable basis. Therefore, in accordance with the accounting standard FRS 102 paragraph 28.11, the College accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the Income and Expenditure Account represents the contributions payable to the schemes in respect of the accounting period.

In the event of the withdrawal of any of the participating employers in USS, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be spread across the remaining participating employers and reflected in the next actuarial valuation of the scheme.

However, in OSPS the amount of any pension funding shortfall in respect of any withdrawing participating employer will be charged to that employer.

The College has made available the National Employment Savings Trust for non-employees who are eligible under automatic enrolment regulations to pension benefits.

Universities Superannuation Scheme

The USS comprises two parts, USS Retirement Income Builder which is a defined benefit arrangement and USS Investment Builder which is a defined contribution arrangement. However, as explained above, both parts are accounted for as if they were defined contribution arrangements.

A deficit recovery plan was put in place as part of the 2023 valuation, which required payment of 6.2% of salaries over the period 1 April 2022 until 31 March 2024, at which point the rate would increase to 6.3%. No deficit recovery plan was required under the 2023 valuation because the scheme was in surplus on a technical provisions basis. The College was no longer required to make deficit recovery contributions from 1 January 2024 and accordingly released the outstanding provision to the income and expenditure account.

At 31 July 2023, the College's balance sheet included a liability of £2,148k for future contributions, following the 2020 valuation when the scheme was in deficit. No deficit recovery plan was required from the 2023 valuation, because the scheme was in surplus. Changes to contribution rates were implemented from 1 January 2024. The remaining liability of £2,148k was released to the income and expenditure account

The key financial assumptions used in the 2023 valuation are described below.

CPI assumptions	Term dependent rates in line with the difference between the Fixed Interest and Index Linked yield curves less: 1.0% p.a. to 2030, reducing linearly by 0.1% p.a. from 2030.
Pension increases (subject to a floor of 0%)	Benefits with no cap: CPI assumption plus 3bps Benefits subject to a "soft cap" of 5% (providing inflationary increases up to 5%, and half of any excess inflation over 5% up to a maximum of 10%): CPI assumption minus 3bps
Discount rate (forward rate)	Fixed interest gilt yield curve plus: Pre-retirement: 2.5% p.a. Post-retirement: 0.9% p.a.

Further details on the Actuarial Valuations of the USS can be found on the USS website. [<https://www.uss.co.uk/actuarial-valuation>]

St Hilda's College
Notes to the financial statements
For the year ended 31 July 2024

The College is aware of the Virgin Media v NTL Pension Trustees II Limited Court of Appeal judgement which may give rise to adjustments to the pension schemes. At present the legal process is incomplete and therefore we are unable to quantify any potential liabilities.

Oxford Staff Pension Scheme

The University of Oxford Staff Pension Scheme (OSPS) is a multi-employer hybrid scheme set up under trust and sponsored by the University. It is the pension scheme for support staff at the University, participating colleges and other related employers. New members joining the scheme build up benefits on a defined contribution basis. Members who joined before 1st October 2017 build up benefits on a career average revalued earnings basis.

The latest full actuarial valuation for the OSPS scheme was completed as at 31 March 2022. The funding position of this scheme has improved significantly moving from deficit of £113m to a surplus of £47m at the valuation date. As a result, the recovery plan agreed at the last valuation is no longer required and the deficit contribution ended on 30th September 2023. A provision of £21k was made at 31 July 2023 to account for deficit recovery payments up to 30th September 2023. That remaining liability of £21k was released to the income and expenditure account in 2024.

The Trustee and the University have agreed a new contribution schedule which took effect from 1 October 2023 and takes account of the benefit improvements and changes to member contributions since the last valuation date. It was agreed that the scheme will meet its own running costs from the scheme's assets, including expenses relating to both the DB and DC Sections and the cost of pension Protection Fund /other statutory levies.

A copy of the full actuarial valuation report and other further details on the scheme are available on the University of Oxford website.
[\[https://finance.admin.ox.ac.uk/osps-documents\]](https://finance.admin.ox.ac.uk/osps-documents)

Pension charge for the year

The pension charge for the year was equal the employer contributions

	2023/24	2022/23
Scheme	£'m	£'m
Universities Superannuation Scheme	466	558
University of Oxford Staff Pension Scheme	313	330
Total Employer Contributions	779	888

22 The College is able to take advantage of the tax exemptions available to charities from taxation in respect of income and capital gains received to the extent that such income and gains are applied to exclusively charitable purposes. No liability to corporation tax arises in the College's subsidiary company because the directors of the company have indicated that they intend to make donations each year to the College equal to the taxable profits of the company under the Gift Aid scheme. Accordingly no provision for taxation has been included in the financial statements.

23 FINANCIAL INSTRUMENTS

The College has certain financial assets and financial liabilities of a kind that qualify as basic financial instruments.

Basic financial instruments are initially recognised as transaction value and subsequently measured at amortised cost.

Certain other financial instruments are held at fair value, with gains and losses being recognised within income and expenditure.

	2024	2023
	Group £'000	Group £'000
Financial assets measured at fair value through profit or loss		
Investments	67,484	40,343

26 CAPITAL COMMITMENTS

During the year, Governing Body agreed to purchase 39 St Margarets Road for £3.5m. The purchase was completed on 19th September 2024.

27 RELATED PARTY TRANSACTIONS

The College is part of the collegiate University of Oxford. Material interdependencies between the College and the University arise as a consequence of this relationship. For reporting purposes, the College and the other Colleges are not treated as related parties as defined in FRS 102.

Members of the Governing Body, who are the trustees of the College and related parties as defined by FRS 102, receive remuneration and facilities as employees of the College. Details of these payments and reimbursed expenses as trustees are disclosed separately in these financial statements.

During the year £2,200 of donations were received from trustees.

During the year payments were made to family members of the following trustees and senior managers for service provided to College.

These transactions were at arms length.

	2024	2023
Dr S Norman	£6,355	£3,786
Dr K Hoge	£6,418	£6,020
Mr T Anstey (IT manager)	£3,437	£2,568

During the year the College made payments of £13,365 (2022/23 £5,075) to an arts organisation controlled by a related party of Professor M Harry (JdP Artistic Director)

28 POST BALANCE SHEET EVENTS

On 19 September 2024, the College completed the purchase of a freehold property, located at 39 St Margarets Road, Oxford for total consideration of £3.5m. The properties will provide additional student accommodation from 2024/25 academic year. The College funded the purchase of this property, which will be treated as an investment asset, through the liquidation of part of its invested endowment portfolio.

b) PARENT AND SUBSIDIARY UNDERTAKINGS

The College holds 100% of the issued share capital in St Hilda's College (Trading) Ltd, a company providing conference and other event services on College premises and 100% of the issued share capital in St Hilda's College Developments Ltd, The Jacqueline Du Pre Music Building Ltd and St Hilda's Properties Ltd, both of which are currently dormant.

The results and their assets and liabilities of the parent and subsidiaries at the year end were as follows.

	Parent College £'000	St Hilda's College (Trading) Ltd £'000	St Hilda's College Developments Ltd £'000
Income	12,119	803	(191)
Expenditure	(12,336)	(418)	191
Result for the year	(217)	385	-
Total assets	146,397	847	26
Total liabilities	(24,076)	(462)	(26)
Net funds at the end of year	122,321	385	-

c) STATEMENT OF INVESTMENT TOTAL RETURN

The Trustees have adopted a duly authorised policy of total return accounting for the College investment returns with effect from August 2000. The investment return to be applied as income is calculated as 3.5% (2015: 3.5%) of the average of the year-end values of the relevant investments in each of the last 5 years. The preserved (frozen) value of the invested endowment capital represents its open market value in August 2009 together with all subsequent endowments valued at date of gift.

	Trust for Investment £'000	Permanent Endowment Unapplied Total Return £'000	Total £'000	Expendable Endowment £'000	Total Endowments £'000
At the beginning of the year:					
Gift component of the permanent endowment	14,586		14,586		14,586
Unapplied total return		14,675	14,675		14,675
Expendable endowment				30,606	30,606
Total Endowments	14,586	14,675	29,261	30,606	59,867
Movements in the reporting period:					
Gift of endowment funds			-	8	8
Investment return: total investment income		677	677	667	1,344
Investment return: realised and unrealised gains and losses		746	746	736	1,482
Less: Investment management costs		(90)	(90)	(89)	(179)
Total	-	1,333	1,333	1,322	2,655
Unapplied total return allocated to income in the reporting period		(922)	(922)	(905)	(1,827)
Net movements in reporting period	-	411	411	417	828
At end of the reporting period:					
Gift component of the permanent endowment	14,586	-	14,586	-	14,586
Unapplied total return		15,086	15,086		15,086
Expendable endowment				31,023	31,023
Total Endowments	14,586	15,086	29,672	31,023	60,695

St Hilda's College
Notes to the financial statements
For the year ended 31 July 2024
