

List of websites/resources I mentioned in the webinar

Super curricular resources

Suggested Subject Resources | University of Oxford

(<https://www.ox.ac.uk/admissions/undergraduate/courses/suggested-subject-resources>)

Freshers: Reading List | New College (<https://www.new.ox.ac.uk/freshers-reading-list>) for lots of subjects you can access the reading lists sent out to students right before they start Oxford. These texts often act as an overview of the course

-**JSTOR** (read academic articles/journals about a whole range of subjects. You will use JSTOR a lot at university!): <https://www.jstor.org/>

-**TED Talks** (short talks about interesting topics from academics, industry professionals, and public speakers): <https://www.ted.com/talks>

-**Oxplore** (the interactive exploration of big questions, created by the University of Oxford): <https://explore.org/>

-**BBC Sounds** (free podcasts, particularly for history, politics, and science): <https://www.bbc.co.uk/sounds/podcasts>

-**The Economist** (a free trial is available to read articles about economic and political issues): <https://www.economist.com/>

-**National Geographic** (there are some free articles available about health, science, geography, and history): <https://www.nationalgeographic.com/>

-**Science Friday** (free podcasts and articles about science): <https://www.sciencefriday.com/>

-**The British Psychological Society** (blogs about psychology, particularly blogs from psychologists talking about their professions): <https://www.bps.org.uk/blogs>

-**Aeon** (free articles about interesting subjects, particularly in topics related to philosophy. You can also subscribe to their newsletter for free): <https://aeon.co/>

-**The Geological Society** (lots of information and resources about earth sciences and geology): <https://www.geolsoc.org.uk/>

-**Aljazeera** (a 24-hour English-language news channel headquartered in the Middle East, with lots of articles and opinion pieces on global politics): <https://www.aljazeera.com/>

-**The New Scientist** (free articles about science by accessing this link): https://institutions.newscientist.com/search/?q=&sort=date_desc&paywall%5B0%5D=everyone

-**GeomLab** (an introduction to computer programming, produced by a University of Oxford academic): <https://www.cs.ox.ac.uk/geomlab/home.html>

-**The Poetry Foundation** (access to lots of poems (with analysis), biographical information about writers and poets, and tips on how to write and analyse poetry): <https://www.poetryfoundation.org/>

-**Zooniverse** (read publications about science, medicine, humanities, language, and social science): <https://www.zooniverse.org/about/publications>

-**Codecademy** (learn to code for free): <https://www.codecademy.com/>

-**NRICH** (develop mathematical skills, find useful books to read about maths, boost your A Level ability, produced by the University of Cambridge) <https://nrich.maths.org/students/post-16>

-**Isaac Physics** (improve your understanding of concepts in Physics and get some extra help in Physics GCSE and A Level) <https://isaacphysics.org/>

-**IWTSE (I Want To Study Engineering)** Physics and Maths A Level revision, along with maths and physics problems at the level of university engineering admissions interviews: <https://i-want-to-study-engineering.org/>

-**Oxford Sparks** (podcasts and videos on various pieces of science, along with a 'meet the scientists' page): <https://www.oxfordsparks.ox.ac.uk/>

-**The Royal Institution** (lectures, talks, and masterclasses available to attend): <https://www.rigb.org/>

-**A History of the World in 100 Objects**: <https://www.bbc.co.uk/programmes/b00nrtd2>

-**The Conversation** (articles about politics, economics, science, health, environment, and arts): <https://theconversation.com/uk>

-**Galaxy Zoo** (papers/publications about astronomy): <https://www.zooniverse.org/about/publications>

-**HistoryExtra** (some free article and podcasts about history): <https://www.historyextra.com/>

-**University of Oxford Podcasts** (podcasts from the University of Oxford regarding a variety of subjects): <https://podcasts.ox.ac.uk/series>

-**Oxford Medicine Magazine** (articles from Oxford alumni, academics, and doctors about medicine): <https://www.medsci.ox.ac.uk/about-us/alumni/publications>

-**In Our Time** (free podcasts about a range of topics, particularly humanities): <https://www.bbc.co.uk/programmes/b006qykl/episodes/player>

-**The Law Show** (free podcasts discussing different elements of law and different cases): <https://www.bbc.co.uk/programmes/b006tgyl/episodes/player>

-**OxPol Broadcast** (podcasts sharing research and analysis from Oxford's Department of Politics and International Relation): <https://podcasts.apple.com/gb/podcast/oxpol-broadcast/id1641489383>
