- The Yoga with Adriene [YouTube channel](#) has an extensive collection of free yoga videos and other yoga resources
- The Cat Meffan [YouTube channel](#) has an extensive collection of free yoga videos and other yoga resources

BREATHING PRACTICES

- You might enjoy breathing along with an app like [BreathingZone](#) (not free, but very inexpensive). It helps you to slow your breathing rate gradually over a specified time interval of, say, 5 minutes.

EXERCISE/FITNESS

- Use NHS [couch to 5k](#) to help you establish a practice of running
- 'The Body Coach' Joe Wicks is offering 30-minute live P.E. classes weekday mornings at 9am on his [Youtube channel](#), the Body Coach TV. You will also find a collection of 250+ fitness classes.

- Peloton is offering an extended [90-day free trial to its app](#) during the coronavirus outbreak. The app doesn't require any Peloton equipment and it normally costs \$12.99 a month. You can use it to access thousands of high-quality pre-recorded and live-streamed workouts: a mix of running, strength, toning, cycling, yoga, meditation and outdoor workouts.
- Carrot Fit is a [fitness app](#) for IOS devices featuring a collection of seven-minute workouts described as 'punishing' and 'hilarious', complete with plenty of snark sound bites. Normally \$3.99, Carrot Fit is now a free download available to all until early April.
- Other exercise resources: [Sweat with Kayla](#), [7Minute Workout](#), [8FIT](#)

TAPPING

- Tapping gently on a series of acupressure points can be remarkably calming . This procedure, branded as a self-help therapy for post-traumatic symptoms under the name 'Emotional Freedom Therapy (EFT)' is often simply called 'tapping'. It is very easy to learn using a free app called ['The Tapping Solution'](#).

TO SUPPORT YOUR ACADEMIC WORK

- Dark Noise offers different ambient noises such as rain, white noise, and coffee shop sounds. If you like working in coffee shops, Dark Noise could help you create this atmosphere while stuck at home. The app is available on the [iOS App Store for \\$3.99](#), but developer [Charlie Chapman](#) opened a TestFlight beta to everyone during the coronavirus pandemic with everything unlocked.
- Enjoy the silence of the Bodleian. Tune in to the soothing ['sounds of the Bodleian'](#) to focus your mind and transport you right back to the days of essay crises and academic rigour!

PROJECTS AND ACTIVITIES

- MAC users, get free e-books by going into 'Books', choosing 'Bookstore' and then 'Free books'
